

BUMRUNGRAD HOSPITAL PUBLIC COMPANY LIMITED
AND SUBSIDIARIES
REPORT AND INTERIM FINANCIAL STATEMENTS
FOR THE THREE-MONTH AND SIX-MONTH PERIODS ENDED
30 JUNE 2004 AND 2003

Review Report of Independent Auditor

To The Board of Directors and Shareholders of
Bumrungrad Hospital Public Company Limited

I have reviewed the accompanying consolidated balance sheet of Bumrungrad Hospital Public Company Limited and subsidiaries as at 30 June 2004, and the related consolidated statements of earnings for the three-month and six-month periods ended 30 June 2004 and 2003, and the consolidated statements of changes in shareholders' equity and cash flows for the six-month periods ended 30 June 2004 and 2003, and the separate financial statements of Bumrungrad Hospital Public Company Limited for the same periods. These financial statements are the responsibility of the management of the Company and subsidiaries as to their correctness and the completeness of the presentation. My responsibility is to issue a report on these financial statements based on my reviews.

I conducted my reviews in accordance with the auditing standards applicable to review engagements. This standard requires that I plan and perform the review to obtain moderate assurance as to whether the financial statements are free of material misstatement. A review is limited primarily to inquiries of company personnel and analytical procedures applied to financial data and thus provides less assurance than an audit. I have not performed an audit and, accordingly, I do not express an audit opinion.

Based on my reviews, nothing has come to my attention that causes me to believe that the accompanying financial statements are not presented fairly, in all material respects, in accordance with generally accepted accounting principles.

I have previously audited the consolidated financial statements of Bumrungrad Hospital Public Company Limited and subsidiaries, and the separate financial statements of Bumrungrad Hospital Public Company Limited for the year ended 31 December 2003, in accordance with generally accepted auditing standards and expressed an unqualified opinion on those statements, under my report dated 30 January 2004. The balance sheet as at 31 December 2003, as presented herein for comparative purposes, formed an integral part of the financial statements which I audited and reported on. I have not performed any other audit procedures subsequent to the date of that report.

Convertible bonds a)

According to the Thai Accounting Standard No. 48 “Financial Instruments: Disclosure and Presentation” which became operative for the financial statements covering the period beginning on or after 1 January 2000, the issuer of convertible bonds is required to classify the liability and equity components and separately present them in the financial statements. The Company has therefore separated such components of the convertible bonds a), determining the liability component by discounting the stream of future payments of principal and interest at MLR of a local commercial bank, the bondholder. The carrying amount of the equity component is determined by deducting the liability component from total face value of the convertible bonds, and is shown in the shareholders’ equity under the caption of “Conversion option”. The difference between the above liability component and face value of the convertible bonds is amortised over the life of the bonds.
